OSHALERT – Text Message Weather Alert

Sign up to receive text message weather alerts for potential bad weather. Text OSHALERT to 69050. (Available for United States and its territories only.) Alerts will begin on Thursday, July 21, and end Sunday, July 31, or cancel at any time by texting STOP to 69050. Message and data rates may apply. View the Comprehensive Terms & Conditions of this program at www.ISS247.com/privacy-policy.

WEATHER WATCH

A watch means that conditions are favorable for severe storm/tornado development. Take these actions when a watch is issued:

- > Secure items that could be blown away in high winds.
- > Continue to monitor the weather for any changes or additional alerts.
- > Be prepared to unplug your electric cord from the electric pedestal.
- > If camping by your aircraft, make sure it is tied down securely.

You may not use “dog leash” tiedowns to secure your aircraft.

WEATHER WARNING

A warning means that dangerous weather is threatening the area. It is important for you to monitor weather conditions and not just rely on the sirens to be sounded to notify you of imminent severe weather.

SEVERE THUNDERSTORM WARNING

A severe thunderstorm warning is issued when winds reach 58 mph or greater and hail has been measured 3/4 inch in diameter.

- > Take shelter in your camper.
- > If you are in a tent or small camper (e.g. a pop-up), take shelter in your vehicle.
- > If a shelter or vehicle is not available, find a low spot away from trees, fences, and poles, but make sure the spot is not prone to flash flooding. If you cannot avoid trees, try to stay in the area of shorter trees. Cover your head with your hands and lie down on the ground.

TORNADO WARNING

A tornado warning is issued when a tornado has been spotted or indicated by radar. County emergency sirens will be activated when a warning has been issued for the area.

- > Move away from your camper and find a ditch, depression, or low area and lay down, covering your head with your hands.
- > As a last choice, secure yourself in your vehicle, with the vehicle running so that the air bags can be deployed (if your vehicle has air bags). Keep your head lower than the vehicle windows and cover your head with your hands.

PET GUIDELINES

AirVenture is not a safe environment for animals due to the heightened sights and sounds. When possible, finding safer arrangements for your pet is highly recommended, however, if you decide to bring your pet please follow these guidelines for everyone's enjoyment and safety.

- > Pet camping is available in Camp Scholler only.
- > Pets left unattended must be kept in well-ventilated camping unit.
- > Pets must be on a lead at all times.
- > Leads may not be longer than 8 feet.
- > Clean up after your pet.
- > No pets are allowed on the AirVenture convention site.
- > Pets found loose will be turned over to the Oshkosh Police Department.
- > Campers are subject to relocation or expulsion should staff receive complaints due to excessive pet noise or any other pet guideline violation.

TRAFFIC REVERSAL

To accommodate heavy traffic during peak periods the following traffic reversal schedule is in effect (subject to change per Sheriff's Department):

- > Monday, July 25: 4:45 p.m.-8:45 p.m.
 - > Tuesday, July 26: 4:45 p.m.-8:45 p.m.
 - > Wednesday, July 27: 4:45 p.m.-10:30 p.m.
 - > Thursday, July 28: 4:45 p.m.-8:45 p.m.
 - > Friday, July 29: 4:45 p.m.-8:45 p.m.
 - > Saturday, July 30: 4:45 p.m.-10:30 p.m.
- Use Highway 26 exit from Highway 41 and head north on Poberezny Road (frontage road) to enter the campgrounds between 5 and 10 p.m.
 - To get to the west side of Oshkosh between 5 and 10 p.m., use 9th Avenue.
 - To get to the east side of Oshkosh between 5 and 10 p.m., drive south on Poberezny Road and make a left at County N/Fisk. Note: County N/Fisk and Highway 26 are the same road, except the name changes east and west of Poberezny Road.

GUIDELINES

GENERAL CAMPING

- > You must be an EAA member to purchase a campsite. Only one campsite per member.
- > All water/electric hookups are on a first-paid, first-served basis. Secure your site by going online at EAA.org. These sites cannot be secured over the phone.
- > All camping units in 24-hour generator area must be positioned perpendicular to fire lanes. Fire lanes are marked as burn lines in the grass or with signage.
- > All camping units and vehicles must be located behind the fire lanes.
- > Tents are not allowed in the 24-hour generator area.
- > Outside of the 24-hour generator area, engine-driven generators may only be operated between 6:30 a.m. and 10:30 p.m.
- > The approximate size of each campsite is 20 feet by 30 feet.
- > Camping units must be a minimum of 10 feet apart.
- > Only one camping unit and vehicle may be parked at your campsite. Additional vehicle and visitor parking passes for a special lot (S Lot) may be purchased for \$10 per night or \$60 per week (no refunds) at S Lot or Camper Registration. S Lot pass valid only for S Lot.
- > Camping credentials are not valid in EAA public parking lots.
- > Camping credentials must be properly displayed on both your camping unit and transient vehicle.
- > Any roped off, unoccupied site without proper credentials will be removed.
- > Pets are not allowed on the convention site. See Pet Guidelines section in this handbook.
- > No flying objects, such as radio-controlled aircraft, Chinese lanterns, drones, etc.
- > Do not operate any unlicensed motorized vehicles including motorbikes, motor scooters, or motorcycles.
- > Only licensed drivers may operate any type of vehicle.
- > No roller-skating, skateboarding, rollerblading, or hoverboards.
- > Courtesy quiet time begins at 10:30 p.m.
- > Wisconsin state law requires all firewood to be purchased within 10 miles of the campground.
- > Do not leave campsite areas without completely extinguishing campfires.
- > Please leave campsites the way you found them (fill in any holes from campfires, etc.) and place all waste in appropriate receptacles.
- > Refunds are processed based on a noon checkout time each day. **There is no grace period.**

AIRCRAFT CAMPING

- > By default, general camping guidelines should be followed, when applicable.
- > All aircraft in the North 40 Camping Area will be charged the camping rate whether camping or parking.
- > Aircraft must be eligible for judging to camp in the Showplane (Vintage and Homebuilt) camping area. See the Judging Standards PDF at

www.EAA.org/AirVenture for qualifications.

- > All aircraft must be tied down.
- > "Dog leash" tiedowns are prohibited.
- > Only one tent per plane unless a second tent is needed for immediate family members, in which case it must fit within the footprint of the aircraft.
- > Campfires are prohibited on Wittman Regional Airport campsites.
- > Open-air cooking fires must comply with the Oshkosh Fire Department Fire Prevention Guidelines below.
- > Generators are allowed in the North 40 camping area. Engine-driven generators may only be operated between 6:30 a.m. and 10:30 p.m.
- > Aircraft engines may not be started at the campsite. On departure, aircraft must be pushed out of the campsite.
- > Coolers must remain secured at your campsite location.
- > In general, alcoholic beverage consumption is prohibited on airport property, except in officially designated areas or under specific permission given by authorized EAA staff.

EAA reserves the right to remove any individual due to misuse or violation of campground rules/policies

Check for additional camping guidelines at the information desk or visit EAA.org/AirVenture when camping in these areas: Homebuilt, Showplane, Ultralight & Lightplane, Vintage, and Warbirds.

All fueling operations shall be done with the utmost safety in mind, in accordance with NFPA 407, and with special regard to the following items:

- > Prior to initiation of fueling operations, the fueling vehicle and the aircraft to be fueled shall be bonded.
- > No open flame, cooking stoves, or smoking shall be permitted within 50 feet of any fueling operations.
- > All fuel spills shall be reported immediately to the Oshkosh Fire Department.
- > All fueling hoses shall be properly stowed prior to moving the fueling vehicle.
- > Fueling shall not take place during thunderstorms.

**FIRE PREVENTION—CITY OF OSHKOSH
FIRE DEPARTMENT**

Cooking stoves in transient aircraft camping areas:

- > Do not leave campsite areas without completely extinguishing stove.
- > No charcoal or wood campfires.
- > Careful use of white gas or propane camp stoves is allowed in aircraft camping, provided they are used in an area well away from parked aircraft, and that the stove is attended at all times. It is strongly recommended that aircraft near the stove be checked for any fuel fumes or leakage, and the stove be elevated above ground level.
- > Cooking stoves must be a safe distance (10 feet) away from any aircraft.
- > In the event that the conditions on Wittman Regional Airport and the EAA grounds change drastically before or during the convention, a more restrictive decision may be made regarding cooking stoves.
