FOR IMMEDIATE RELEASE

LIKE AIRPLANES AND FUN? **YOUR LOCAL EAA CHAPTER WELCOMES YOU!**

(CITY), (STATE) — There's a place where anyone who enjoys the world of flight and the allure of airplanes is welcome ... It's your local chapter of the Experimental Aircraft Association, the world's leading organization in providing people opportunities to participate in aviation.

EAA Chapter (NUMBER) meetings are held at (TIME) on (DAY), at (LOCATION). (--Please add directions if location not well known locally--). Everyone with an aviation interest, pilots and non-pilots alike, are invited to attend.

"EAA Chapters are the local aviation families throughout the nation," said (NAME), EAA Chapter (NUMBER) president. "We welcome anyone who sees something special every time an airplane flies overhead and wants to meet others who share that enthusiasm for the unique experience of flight."

EAA has 1,000 local Chapters around the world, with activities from monthly meetings and airport open houses, to fly-ins and pancake breakfasts that share aviation with the community, building a stronger bond between local aviators and the public. Other EAA Chapter efforts include Young Eagles rallies, which share the world of flight with young people; aircraft building projects; and work parties that help maintain a local flight facility. Most EAA Chapter members are pilots, but non-flying aviation enthusiasts are always welcome.

EAA Chapters are the backbone of the international EAA organization, which has more than 170,000 members. The local organizations include general EAA Chapters as well as specialized chapters for vintage aircraft, warbird, ultralight and aerobatic flight enthusiasts. More information is available at www.eaa.org.

For more information about this organizational session, contact (NAME) at (PHONE AND/OR E-MAIL) or (SECONDARY CONTACT NAME, PHONE AND/OR E-MAIL).
