**RE: Puerto Rico Ports Authority's proposed amendments to Board of Directors
Resolution 82-13, "Airport Operations Rules and Regulations"**

Dear Mr. Hansen:

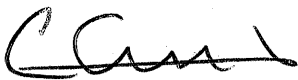

On behalf of the Aero Club de Puerto Rico (Aero Club), I would like to thank you for the commentary and analysis of the proposed amendments to the Puerto Rico Ports Authority's (PRPA) "Airport Operations Rules and Regulations" provided by the EAA.

Attached is a copy of the Aero Club's comments to the proposed rule, and as you can see, we included all of the comments that EAA made.

PRPA has, apparently, withdrawn the proposed amendments as drafted.

Thanks for your support.

Sincerely,

Carlos E. Matos, Esq.
Aero Club de Puerto Rico
