# GROUND ACCESS

## GROUND ACCESS RULES JULY 20-23

To improve safety, security, and mobility in the final hectic days before AirVenture opening day, these policies and procedures will be in place from Thursday, July 20, through Sunday, July 23.

### GROUND ACCESS

Entry will be allowed to credentialed vehicles ONLY through Gate 33 (Waukau Avenue), Gate 37 (Knapp Street/Warbirds), and Gate 26 (Knapp Street/Theater in the Woods). Other vehicle gates will be closed. Non-credentialed vehicles are NOT allowed on the grounds, the same as during AirVenture week. Personal golf carts, scooters, bicycles, and other such vehicles are also prohibited. The restricted area (shown on map) will be enforced in order to ensure safety for everyone involved as AirVenture preparation is underway.

Exhibitors and vendors within the restricted area will receive special pre-event lanyard credentials. While early AirVenture attendees — such as those arriving with their aircraft — will not require wristbands until Sunday, July 23, they are asked to avoid entering the restricted area. Non-credentialed volunteers will be allowed onto the grounds ONLY to pick up credential packets from their chairmen. EAA security will be present in the restricted area. Non-credentialed vehicles will be asked to leave.

**Exhibit hangar access:** Thursday, July 20, through Sunday, July 23, there will be strict enforcement of access to Exhibit Hangars A-D. Only credentialed exhibitors and vendors are allowed during open hours from 8 a.m. until 6 p.m. on those days.

**Aviation Gateway Park access:** From Thursday, July 20, through Sunday, July 23, there will be strict enforcement of access to Aviation Gateway Park exhibit facilities. Access is limited to credentialed exhibitors and vendors, and only between the hours of 8 a.m. and 6 p.m. At 6 p.m. sharp, doors will be locked.

**Outdoor exhibit access:** Outdoor exhibits are not open until Monday, July 24. Visitors on the grounds before that time are asked to give space to allow exhibitors to finish setting up their areas, and to exercise caution anywhere around the outdoor exhibit areas due to the presence of equipment used to prepare the areas for the fun hustle and bustle of AirVenture.

# PROTECT YOUR INVESTMENT

## Pays Dividends . . .

- Fights Rust & Corrosion
- Prevents Engine Deposits
- Reduces Cam & Lifter Wear
- Conditions Seals

ASL Camguard™ is an advanced oil supplement, F.A.A. accepted for use in most piston aircraft engines. Camguard is formulated to safeguard the investment in your aircraft engine by addressing the complex and inter-related problems of corrosion, carbon deposits and mechanical wear.

Corrosion results in start-up wear or worse, cam and lifter failure. Camguard combats corrosion by leaving a continuous film of inhibitor on metal surfaces.

Deposits increase engine wear. They cause normally free moving parts to stick and they are abrasive. Camguard halts deposit formation, leaving your engine clean and parts free to move.

So whether you fly a little or a lot, Camguard always pays dividends with decreased aircraft engine maintenance costs. Just adding 5% of ASL Camguard to your oil at every oil change provides peace of mind that comes with knowing your investment is protected.

## WEATHER WATCH

A watch means that conditions are favorable for severe storm/tornado development.

- Secure items that could be blown away in high winds.
- Be prepared to unplug your electric cord from the electric pedestal.
- If camping by your aircraft, make sure it is tied down securely.

## WEATHER WARNING

A warning means that dangerous weather is threatening the area.

## SEVERE THUNDERSTORM WARNING

- Take shelter in your camper or vehicle.
- If a shelter or vehicle is not available, find a low spot away from trees, fences, and poles, but make sure the spot is not prone to flash flooding. If you cannot avoid trees, try to stay in the area of shorter trees. Cover your head with your hands and lie down on the ground.

## TORNADO WARNING

- Find a ditch, depression, or low area and lie down, covering your head with your hands.
- As a last choice, secure yourself in your vehicle with the vehicle running so the airbags can be deployed. Keep your head lower than the vehicle windows and covered.

## BASIC CAMPSITES

- All basic campsites are on a first-paid, first-served basis. Sites may be purchased online at AirVenture.org or at the Camper Registration building. EAA members pay from their arrival date through the end of AirVenture and may not stake out a spot in advance.
- On or after the arrival date, EAA members must check in at the Camper Registration building to receive their camping credential.
- Basic sites are not marked or assigned.
- You may have one tent/camper and one vehicle on each campsite.
- Camping units must be a minimum of 10 feet apart.
- Camping credentials must be visible on both your camping unit and transient vehicle.
- Visitor parking passes (S Lot) may be purchased at the Camper Registration building.

## WATER AND ELECTRIC SITES

- All water and electric campsites are on a first-paid, first-served basis. Sites may be purchased online at AirVenture.org or at the Camper Registration building, beginning on June 30th, 2023, at 7:00am.
- Payment for a water and electric site is calculated at the daily camping rate from the date the site is secured through the end of AirVenture. A campsite tag will be placed on the site to indicate it has been purchased.
- On or after the date the site is secured, EAA members must check in at the Camper Registration building to receive their camping credentials.

# CONCEIVED BY PILOTS. DELIVERED BY ENGINEERS. NOW CERTIFIED BY THE FAA.

---

It started with a pilot's dream to produce a modern, more dependable, more efficient, more powerful piston engine. Then things got, well, complicated.

Rather than attempting to modify an outdated engine design based on obsolete metrics, we started from the ground up, focused on producing efficient thrust rather than mere raw horsepower.

The new DHK180 is the result. Supercharged and turbocharged, it produces extraordinary torque and excels in both acceleration and climb, from the takeoff roll to exceptional altitude performance. It will change the way you think about your flight profile. It also burns globally available Jet A and emission-reducing SAF.

There's no gearbox. No camshaft, chains, lifters or pushrods. No valves or drivetrain. No complex electronics or myriad sensors prone to aircraft-grounding failure. In total, we eliminated 40% of typically vulnerable parts and electronics, and placed the remaining ones where they were easy to access and maintain.

Of course, manufacturing such a creation compelled us to also reimagine systems, processes, testing and production. Was it all worth it? You tell us.

The DHK180 is so elegantly simple, it defines a new era of general aviation power. The FAA has given its thumbs up. The next approval we need is yours.

# CAMPING

SPONSORED BY

Beechcraft

BY TEXTRON AVIATION

- Camping credentials must be visible on both the camping unit and transient vehicle.
- Only one tent/camper and one vehicle are allowed on each campsite. Sites are approximately 25-by-50 feet.
- Additional vehicle and visitor parking passes for the overflow lot (S Lot) may be purchased at Camper Registration.

## GENERATORS

- No generator operation from 10:30 p.m. to 6:30 a.m. (except in designated 24-hour area).
- Camping units in 24-hour generator areas must be positioned perpendicular to fire lanes.
- **No tents** are allowed in the 24-hour auxiliary power area.

## HANDICAPPED ACCESS

- An RV/handicapped-accessible camping area for those requiring 24-hour operation of auxiliary generators is available on a first-come, first-served basis.
- Handicapped-accessible restrooms are available at three campground shower facilities.

## PERSONAL TRANSPORTATION

- **Unlicensed** motorized vehicles are prohibited.
- Roller-skating/blading, skateboarding, or use of self-balancing scooters is prohibited.
- A valid driver's license is required to operate any type of vehicle in Camp Scholler.
- Bicycles and personal transportation devices are allowed in Camp Scholler, the North 40 camping area, and the South 40 camping area.
- Single-person electric convenience vehicles and personal disability mobility devices are allowed everywhere when required because of the individual's mobility disability and when operated in a safe manner, consistent with 28 CFR 36.311(b)(1).

- A handicapped-accessible bus circulates throughout the campground.
- Handicapped placards must be displayed on camping unit.

## COURTESY

- Courtesy quiet time begins at 10:30 p.m.
- Please leave campsites the way you found them.
- No commercial operations are permitted in Camp Scholler.
- Noncommercial advertising, demonstrating, or noncommercial soliciting must be approved in advance by EAA.
- Flying objects (i.e., RC aircraft, drones, Frisbees, etc.) are prohibited in Camp Scholler.

## CAMPFIRES AND FIREWOOD

The Wisconsin Department of Natural Resources asks that all campground firewood be left at home and purchased near your campsite location. Firewood should be obtained within 10 miles of where you plan to use it. Fines for transporting firewood across state lines are heavily enforced.

- Firewood is available for purchase at the campground stores and local convenience stores.
- Do not leave campsite areas without completely extinguishing campfires.

## PET GUIDELINES

AirVenture is not a safe place for animals. If you bring your pet, please follow these guidelines:

- Pet camping is available in Camp Scholler only.
- Pets must be on a lead at all times, no longer than 8 feet.
- Clean up after your pet.
- No pets are allowed on the AirVenture convention site, including aircraft camping.
- Pets found loose will be turned over to the Winnebago County Sheriff's Office.
- Campers are subject to relocation or expulsion should staff receive complaints due to excessive pet noise or any other pet guideline violation.

## AIRCRAFT CAMPING

- By default, general camping guidelines should be followed when applicable.
- All aircraft in the North 40 or South 40 camping areas will be charged the camping rate.
- All campsites must be paid for before setup. Always display proper camping credentials.
- Aircraft must be eligible for judging to camp in the Showplane camping areas.
- All aircraft must be tied down. "Dog leash" tiedowns are prohibited.
- Only one tent per airplane, unless a second tent is needed for immediate family members, in which case it must fit within the footprint of the aircraft.
- Generators are allowed in the North 40 camping area. Engine-driven generators may only be operated between 6:30 a.m. and 10:30 p.m.
- Aircraft engines may not be started at the campsite. On departure, aircraft must be pushed out of the campsite.

- Coolers must remain secured at your campsite location.
- Alcoholic beverage consumption is prohibited on airport property, except in officially designated areas or under specific permission given by authorized EAA staff.

**Check for additional camping guidelines at the information desk or visit [EAA.org/AirVenture](http://EAA.org/AirVenture).**

Fueling operations shall be done with the utmost safety in mind, in accordance with NFPA 407.

- Prior to initiation of fueling operations, the fueling vehicle and the aircraft to be fueled shall be bonded.
- No open flame, cooking stoves, or smoking is permitted within 50 feet of fueling areas.
- All fuel spills shall be reported immediately to the Oshkosh Fire Department.
- All fueling hoses shall be properly stowed prior to moving the fueling vehicle.

## TRAFFIC REVERSAL

To accommodate heavy traffic during peak periods, the following traffic reversal schedule is in effect (subject to change per Sheriff's Office):

Mon 7/24, 5-8:45 p.m.

Tue 7/25, 5-8:45 p.m.

Wed 7/26, 5-10:30 p.m.

Thu 7/27, 5-8:45 p.m.

Fri 7/28, 5-8:45 p.m.

Sat 7/29, 5-10:30 p.m.

Use the Highway 26 exit from Interstate 41 and head north on Poberezny Road (frontage road) to enter the campgrounds from 5 p.m. to 10 p.m.

To get to the west side of Oshkosh from 5 p.m. to 10 p.m., use 9th Avenue (Exit 117) from I-41.

To get to the east side of Oshkosh from 5 p.m. to 10 p.m., drive south on Poberezny Road and turn left at County N/Fisk. *Note: County N/Fisk and Highway 26 are the same road.*

## FIRE PREVENTION

### City Of Oshkosh Fire Department

Cooking stoves in transient aircraft camping areas:

- Do not leave campsite areas without completely extinguishing stove.
- No charcoal or wood campfires.
- Careful use of white gas or propane camp stoves is allowed in aircraft camping, provided they are in an area away from parked aircraft and that the stove is attended at all times.
- Cooking stoves must be a safe distance (10 feet) away from any aircraft.
- In the event that the conditions at Wittman Regional Airport and on the EAA grounds change drastically before or during the convention, additional restrictions on cooking stoves may be implemented.

# Ever Considered Flying for a Living?

Working as an airline pilot is a great way to pursue a career while doing something you enjoy. Talk this week with members of the Air Line Pilots Association, Int'l (ALPA), the world's largest airline pilot union, and learn what it takes to launch a career as a professional airline pilot.

We're located at **booth #329** just blocks from Boeing Plaza.

**#ALPAatOSH23 #ClearedtoDream**

Visit [www.alpa.org/oshkosh](http://www.alpa.org/oshkosh) for a list of daily presentations and scheduled activities. Also check out ALPA's [clearedtodream.org](http://clearedtodream.org) for aspiring airline pilots.

# EAA AVIATION GATEWAY PARK

AT EAA® AIRVENTURE® OSHKOSH™ 2023

Aviation Gateway Park is **your headquarters** for education, careers, and networking with aviation companies and industries.

## EAA AeroEducate™ Center

Learn how to engage students in grades K-12 with the world of aviation after AirVenture. With EAA's free, online education program, AeroEducate, students have exclusive access to STEM-based activities that will introduce them to different aviation career opportunities.

## EAA WomenVenture™ Center

EAA is proud to offer a dedicated space where the WomenVenture community can connect, network, and learn throughout the week of AirVenture. The center hosts exhibit spaces that feature organizations supporting women in many different facets of the aviation community, as well as daily forums and other networking events throughout the week.

## EAA Education and Career Center Presented by Piedmont Airlines

The EAA Education Center will feature colleges, universities, and tech schools that offer programs in aviation and science, technology, engineering, and mathematics or STEM-based curriculum. Attendees are also able to network and interview with a variety of leading aviation companies and organizations with aviation-focused career opportunities.

## EAA Career Center Presented by Air Wisconsin Airlines

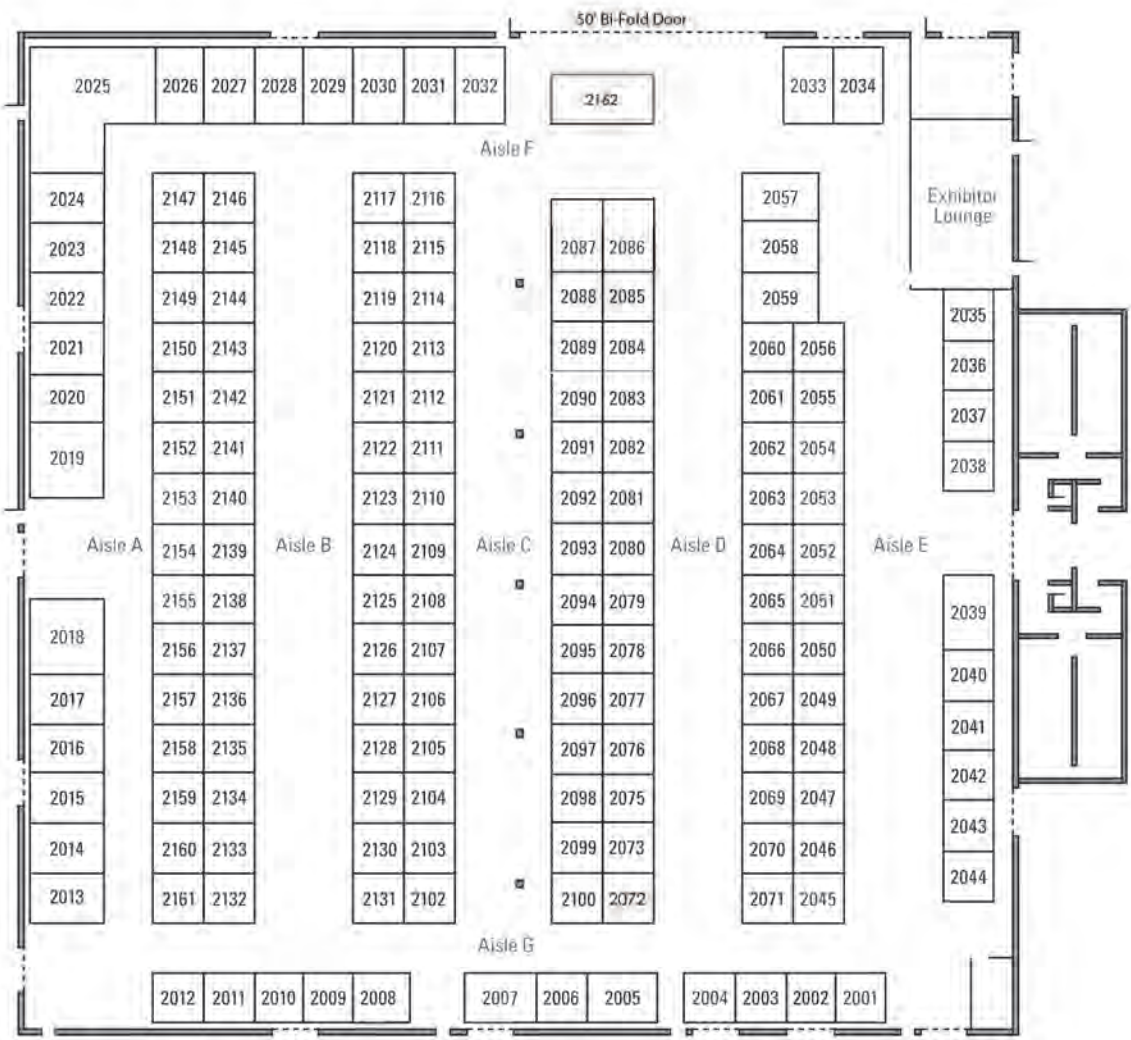

If you're an aspiring aviator looking to network and interview with a variety of leading aviation companies and airlines, this is where you belong. Navigate your way into the aviation industry at the EAA Career Center.

WHAT TO SEE AND DO

There is so much to see and do at EAA AirVenture Oshkosh 2023 — forums, workshops, air shows, movies, and more. Whether you are here for the day or for the whole week, use this schedule to get the most out of your visit.

**NOTE:** Check the *AirVenture Today* newspaper, the AirVenture App, or [EAA.org/Schedule](http://EAA.org/Schedule) for schedule changes and updates.

All presentations from Saturday, July 22, to Sunday, July 30, are organized by day and time. Each listing provides the speaker(s), location, and AirVenture grounds map coordinates (see the AirVenture map on pages 66 and 67) to help you find your way.
