CLASSIC

- Reserve Grand Champion—Orlo Maxfield, Northville, MI, Funk B85C, N1654N
High-tech, wet-look paint doesn't look right on a classic airplane. Return with us to those thrilling days of yesteryear... back when airplanes had that satinsmooth finish that looked a foot deep.

You can still get that gorgeous finish with **Classic Aero nitrate/butyrate dopes**. We use only the finest U.S. components, and our formulas follow the original Mil Specs to the letter. **Classic Aero** is kind to the environment and has been exhaustively tested both in the air and on the ground.

**Classic Aero** dopes are made in America by Poly-Fiber, Inc. whose only business is making aircraft coatings. The icing on the cake is that the best costs less than other similar products. **Classic airplanes** deserve Classic Aero dope finishes.
