The goal of the 2017-2018 Innovation Competition (as described in the Judging Criteria as defined herein) is to inspire new technological and/or training improvements that will help to decrease the fatal in-flight loss of control ("LOC") accident rate for Experimental Amateur-Built ("EA-B") aircraft in the United States by twenty-five percent (25%) within five years after the 2015-2016 Innovation Competition and by fifty percent (50%) within ten years after the 2015-2016 Innovation Competition.

- 4. JUDGING CRITERIA.**

 - a. The Judging Criteria are defined to be the following, with the stated relative weighting percentages for scoring purposes:

 - i. Expected effectiveness in reducing the fatal LOC accident rate for EA-B aircraft in the U.S., including expected breadth of applicability to the EA-B fleet, and Maturity of Solution (meaning that the Solution has a clear and complete concept for widespread implementation), based on the information in the Submissions (as defined herein), and the Judges' expertise: 80%
 - ii. Expected ease of installation and implementation: 10%
 - iii. Expected low cost: 10%

100%

Contestants agree to be bound by the decisions of the Judges and EAA with respect to the 2017-2018 Innovation Competition, and such decisions shall be final. If any Finalist is unable or unwilling to participate in the Presentations (as defined herein) such Finalist must promptly so notify EAA, and EAA may then notify the next-ranking Contestant that he or she is a Finalist and issue an appropriate announcement.
 - i. All Contestants must be available to receive notices at the telephone, street address and email address listed in their Applications (which may be amended promptly in writing if any such contact information changes) at least until July 24, 2018.
 - ii. If EAA is unable to contact any Contestant for such notification after reasonable diligence, EAA may in its sole judgment, after consultation with the Judges, disqualify said Contestant as a Finalist and notify the next-ranking Contestant that he or she is a Finalist.

- c. The Finalists will individually present their entries to the Judges in a public forum at EAA® AirVenture® Oshkosh™ 2018, beginning at 8:00 PM CT, on July 24, 2018, at the Theater In The Woods on the AirVenture grounds at 3000 Poberezny Road, Oshkosh, Wisconsin. The Finalists will make presentations (“Presentations”), using such working models, representations, media, and other materials (collectively, “Presentation Materials”) as each Finalist determines, and then will respond to the Judges’ questions and comments. Individual Contestants must appear in person, and Team Finalists must be represented in person by at least one (1) Team member and by a maximum of five (5) additional team members, if applicable. Finalists must use an EAA computer running on a Windows operating system for their presentations. Each Finalist’s Presentation will last no longer than ten (10) minutes, and each Finalist’s question and answer period will last no longer than five (5) minutes. Contestant agrees to attend and participate in the Presentation and question & answer period if named as a Finalist, and acknowledges that failure to do so will result in Contestant’s disqualification from the 2017-2018 Innovation Competition.

 - iii. Finalists may choose not to accept the weekly wristband and/or hotel room. No substitutions will be made if a finalist chooses not to accept the above accommodations.
- e. The Judges will announce their selection of the Grand, Second and Third Prize winners at Theater in The Woods promptly after the Contestants’ Presentations and question and answer periods have been completed and the Judges have completed their final scoring. In making such selection, the Judges will use the Judging Criteria as defined herein. The judges may also select up to two (2) Honorable Mention Contestants.
- f. EAA reserves the right to reschedule the Entry End Date and selection dates, to reduce the number of Prizes, or to extend or cancel the 2017-2018 Innovation Competition, if in the Judges’ and EAA’s sole judgment the Submissions received are not sufficiently meritorious under the Judging Criteria to justify awarding some or all of the Prizes.

8. ELIGIBILITY: Each Contestant (Individual or Team) must include: a. The creator (or all creators) of the Solution; and b. All owners of any intellectual property rights in the Solution. All Individual Contestants and all members of Team Contestants must be current EAA members as of the Entry End Date, who are legal residents of one of the fifty (50) United States or the District of Columbia (excluding Puerto Rico and all other territories) or Canada (excluding the province of Québec).
